Join us in Brussels to debate the strategic challenges facing construction, and how we may address them in the future.

Together, we will also follow up on the actions implemented by the EU, Member States and industry members of the HLCF, in line with the Transition Pathway and the priorities of the new European Commission.

The full-day event is divided in three parts:

- **Part 1:** Towards a competitive, sustainable and productive construction ecosystem
- **Part 2:** Joining forces to modernise construction
- **Part 3:** Making it happen – new EU priorities for construction: interactive workshop

The event will take place in Brussels, at the premises of the Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs (DG GROW). Lunch and refreshments will be provided. Online participation will be possible only for part 1 and 2.
